

## PARTNERSHIP

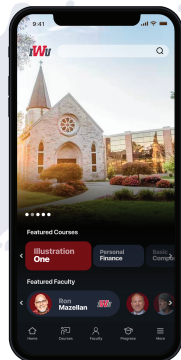

The Council for Christian Colleges & Universities (CCCU) is excited to partner with the education technology company CampusEDU to provide state-of-the-art online education. CampusEDU works directly with campuses to create online courses and provide them with a suite of tools to connect with and reach this generation of learners. Their innovative platform seeks to transform the online education world by creating a compelling virtual learning environment for students.

## 3 INNOVATIVE SOLUTIONS

### CAMPUS Discover

A customized mobile app that features a directory of available courses and academic programs in an attractive user interface.

*Launched August 2020*

### CAMPUS Learn

A new type of online course, taught by traditional faculty from partner institutions that provides the state-of-the-art in online education.

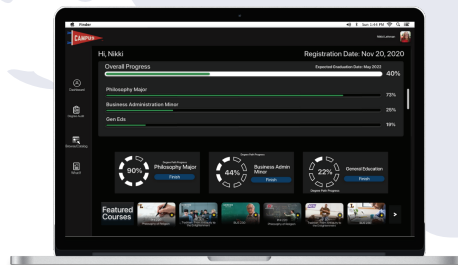

*Launched September 2020*

### CAMPUS Schedule

An innovative degree audit tool that automates the advising process while providing courses from both a student's home institution as well as partner institutions from around our academic league.

*Launching Summer 2021*

## World-Class Online Courses

Launching December 2020!

*"CampusEDU is building a new type of online platform that improves the student experience, with courses taught by CCCU faculty in a Christ-centered, state-of-the-art virtual environment, and gives campuses the opportunity to broaden their reach."*
