- the ways in which the proposed research will be informed by and/or integrated with Christian practices, perspectives, and/or purposes.

*** PLAN OF ACTION**

What do you propose to do, by way of a project or set of actions, to address these issues or questions? What are your hypotheses about what your research will find? What methodologies will you use, and why have you chosen them? Outline here what you will do on this project step by step, as well as which team members are responsible for each step and their qualifications for completing their work. Describe the project so that your reviewer can visualize what will happen. (Maximum of 3000 characters)

Also, include here:

A plan for designing a research project and developing an Initiative Grant or other grant application;

A timeline of primary planning activities, including which team members are responsible;

The qualifications for this particular team to address this theme;

Expectations for eventual dissemination of research results to the larger academy.

*** PRODUCT**

List the concrete "deliverables" of the project. What, specifically, will the project produce by end of the grant period

(E.g. conferences, workshops, new curriculum materials, articles, books, textbooks, web pages, other media items, paper dissemination--delivered where and when)? How will these deliverables benefit the larger academy? (Maximum of 1500 characters)
