

## CCCU STUDENT SATISFACTION REMAINS STRONG

**IN THE FALL 2014 ISSUE** of *Advance*, we reported on the findings from the 2013 Noel-Levitz Student Satisfaction Inventory (SSI). The SSI measures the satisfaction and priorities of students on a wide range of issues related to college life and learning. Students respond twice for each item on the survey: once to rate the level of importance they place on the item, and a second time to indicate their level of satisfaction. Results are then compared between CCCU institutions and four-year private institutions.

The SSI is administered every two years. Below are some of the key areas from the 2015 SSI where CCCU students had notably higher levels of satisfaction compared to their peers at four-year private institutions, as well as their overall satisfaction from the last five surveys. For more information about the SSI, contact CCCU Program Consultant Nita Stemmler at [nstemmler@cccu.org](mailto:nstemmler@cccu.org).
