Once logged in, go to “Networking Groups” to express interest in participating in a specific networking group or to update your existing networking group selections. *Please note that before you may start participating in a networking group, a CCCU staff member must manually approve your request to join. Please allow up to two business days for a CCCU staff member to review and approve your request.*

MyCommunities

CCCUC Networking Groups connect professionals in similar roles across member institutions, creating a trusted space for collaboration and peer support. Participants can exchange ideas, share resources, discuss common challenges, and learn from colleagues who understand the unique context of Christian higher education.

As you consider joining a group, we encourage you to select the one that most closely aligns with your primary professional discipline or area of responsibility. This helps ensure meaningful conversations and a strong peer experience for everyone involved.

Please note: Requests to join a networking group may take up to two business days to be reviewed and approved.
